Korean In NZ Schools

The KEC is proud to support NZ schools to establish and develop a Korean language programme.

About 40 NZ schools have a Korean language programme. The numbers are growing each year.

The schools that choose to run the Korean programme can be funded by the Korean government and the North Asia CAPE.

If your school wants to receive the fund please contact us.

Free Korean Classes

The KEC offers Free Korean Classes to anyone who wishes to learn Korean.

We have different levels, from beginners to advanced students, to meet their needs.

The classes focus on real-life situations to practice the language with highly qualified teachers.

If you wish to learn Korean, please apply through the Google Form on our website. Please check out the class and timetable before you apply.
