Processes/Activities/Strategies

• New vocabs

- Teacher models the names of the animals.
- Teacher models the Korean animal sounds. (2_U6R1) Students will guess the animals.

• Play game - Animal farm

- Teacher models the conversation 1.
- Hand out the animal cards. (2_U6R2) Students use the conversation 1 to find their team.
- Once everyone gets in their team, ask them to come up with an action representing the animal.
- Teacher will call out the English word, the animal team will say the Korean word with their action. e.g. Teacher will call out "pig!" and the pig team will say "dwaeji!" with the action.
- Everyone stands up and plays the game. The team who can't say their name will sit down. The last team standing is the winner.

• Buddy up

- Teacher models the conversations with a student.
- Ask students to have the model conversations with two different buddies.
- Give 5 minutes to have the conversation.
- Ask 3 buddies to stand up and share their conversation.
