## Processes/Activities/Strategies

## • It is \_\_\_ o'clock. It is half past \_\_\_\_\_. (2\_U8P1)

- Review the native Korean numbers. (haha, dul, set, net...)

- 'si' is the word for time. Learn how to say, "It is \_\_\_ o'clock."

\* Explain that the first 4 numbers will take the last sound off. It is 'han si', 'du si', 'se si' and 'ne si'.  
Not 'hana si', 'dul si', 'set si', 'net si'.

- Model the first conversation. Teacher will show numbers between 1-12 using his/her fingers and ask "myeot siyeyo?". Ask students to answer and then how to say half past.

e.g. Show 3 fingers and ask "myeot siyeyo?". Students will say, "se siyeyo." Teacher will ask how to say half past 3. Students will say, "sesi banieyo." If a student(A) can't answer, ask another student(B) to help. Let student(B) answer and let student(A) repeat. Praise student(B) for helping and praise student(A) for trying.

## • Guess the meaning (2\_U8P2)

- Looking at the PPT, guess the meaning of the action.

- Play game

1. Show 2\_U8P2 slide 7, "mwo haeyo (What do you do?)," on the board.

2. Teacher will act out, the class will say the Korean word.

3. Buddy the students up - one will act and the other will answer in Korean. Take turns.

4. With a different buddy, now one will say the Korean word and the other will act out. Take turns.

## • Role play - interview

- Teacher will model conversation 2. Explain what it means.

- Teacher will ask, "\_\_\_ siyeyo. mwo haeyo?" or "\_\_\_ si banieyo. mwo haeyo?". Students will answer according to their day.

- Students will ask and answer with 2 different students. (Have 2\_U8P2 slide 7 on the board)

- Students will ask and answer with 2 different students. (without PPT)

- Ask a few students to share what they did. (without PPT)

## • Question circle

- Sit in a circle. Have a soft ball. (Make sure everyone is sensible with the ball.)

- The first student who throws will ask one question out of the three (the same question cannot be asked in a row). The student who receives the ball will answer. (Have 2\_U8P2 slide 9 on the board),

1. jigeum myeot siyeyo?

2. \_\_\_ siyeyo. mwo haeyo?

3. \_\_\_ si banieyo. mwo haeyo?

- Teacher will ask a question and throw the ball to a student to start.
